

THE FLOORING SOLUTION FOR YOUR
FITNESS FACILITIES
YOGA

OUR FLOOR FOR YOGA

Promoting relaxation:

The critical factors in Yoga are breathing techniques and, above all, performing the moves correctly. The optimal base is, therefore, essential. Our REGUPOL everroll fitness floors provide excellent conditions for Yoga.

For your Yoga area, we can offer two different kinds of flooring: one type is rolls, which are glued into place over the entire surface area, and the other is mats, which are laid loosely. Combined with the actual Yoga mat, this provides you with an almost perfect level of comfort. Our floors ease the strains on the body and joints and are also incredibly hard-wearing.

Rolls

Slip-resistant | comfortable | hard-wearing | easy on body and joints | standard or pre-sealed | standard thicknesses: 4 or 8 mm

Our products: REGUPOL everroll classic, REGUPOL everroll vitality, REGUPOL everroll ultimate

Multi-Layer System Build-Up

relieves and supports bodies and joints | protects the sub-base | elastic and resilient | various thicknesses
